Hi Rita

I think I can supply you with that list within our BID - not sure of all of Studio City. Unfortunately, that parking lot is the only one owned by the City in our area.

Most of the other properties are joined with existing businesses/properties but not large enough for housing. Also, remember this designation is for "storage", not a home. I think at some point, like it or not, all of us are going to be involved.

See you tomorrow:)

We do not have any residences in the BID area. It is a business district. The MTA lot used for the Hollywood bowl parking is already being used as a parking place for the homeless that are living in their cars at night. Designating that formally for that purpose may give us the designated area required. Also, there must be some other location that is not on Ventura Blvd that could be designated as a storage area for the belongings of the homeless. I think we need to make a serious effort to see what is available here in Studio City that would work. I don't even know what properties are city or county owned that should be included for consideration. What about the Campo? Is there some list of properties we should look at? I am not trying to be NIMBY here so we need a list of all properties that can be included for consideration.

Warmest regards,
Rita

I think you are correct but it's an issue that seems to require cooperation from everyone.

What do you suggest?

So there will be a homeless shelter in the middle of the BID area and we lose our parking garage. That will be interesting. Not sure that will be good for the businesses on Ventura Blvd. Also very concerned about putting a shelter where the oasis is. I am sure it would make a great storage location for homeless belongings. What do you really think about those two proposed locations?

Warmest regards,
Rita

Yes, this is part of what the Mayor spoke of and that all Councilmembers have agreed to. At least I think all of them.
